

**Clareville Minor Hockey**  
Player Parent Agreement 2025/2026

The following are the terms by which the undersigned player and their parent/guardian agree upon their acceptance of a position on a competitive hockey team with the Clareville Minor Hockey Association (CAMHA). This document is to be read, discussed with your child(ren) and agreed to by a parent or guardian before the registration process.

**Expected Conduct of Players, Coaches and Parents/Guardians**

- Players must act in an appropriate manner during any activities with or caused by their participation in CAMHA or Affiliated League. It is a coach's right to address a player's behavior if it is judged to be unacceptable. Should there be continuing and/or escalating instances of inappropriate behavior, the player in question may be further disciplined by the Grievance and Discipline Committee.
- A player's parent's or guardian's behavior, which is judged by the Discipline Committee to be abusive or intimidating toward a player, coaching staff member, other parent, executive member associated with CAMHA or any other hockey association, shall be dealt with accordingly and may result in the members of the player's family being suspended from all activity with CAMHA and the future refusal to register any members of that family.
- Players will not use or be under the influence of alcohol, illegal drugs, banned substances or smoke/vape while involved with activities associated with their participation in CAMHA.
- Players, Coaching staff or Association members shall treat each other, opposing players, coaches and game officials with respect and show good sportsmanship at all times.
- Zero tolerance for bullying.
- Players, Coaching staff members or Association members will not damage rink property and follow rules for all rinks. Failure to do so will result in all financial costs to repair any damage being charged to player and/or team.
- Teams are to effectively communicate an acceptable drop off time for their players prior to games and practices where supervision is present in the dressing room.
- Cooling Off Period:
  - CAMHA requires all members to respect the 24 hour cooling off period. Parents/guardians will not approach coaches immediately after a game/practice to discuss said game or practice. Parents, coaches and team officials will also observe a 24 hour cooling off period from the end of any game/practice. After this period, communication may be brought to a team manager or division

director. **The team manager is always the first line of communication** and they will bring up all inquiries to the coach. Parents/guardians are asked to not contact coaches directly. If further action regarding any situation is required, it may be brought to the CAMHA executive. Parents/guardians are also not permitted to approach the ice, benches, referees room or dressing room during games or practices with the purpose of airing grievances.

### **Electronic Devices in Locker Room Policy**

- CAMHA will strictly follow the rules enforced by Hockey NL.
- Hockey NL believes some uses of technology constitute an invasion of an individual's personal privacy. This will not be tolerated by CAMHA and Hockey NL.
  - "A large proportion of devices are manufactured with cameras that can take photographs and video, while further allowing their sharing electronically, without permission during regular hockey activities in change rooms, shower areas and/or bathrooms. If someone uses a device this way and captures a photo or video image, this may constitute a violation of personal privacy but may also be a criminal offense."
  - "Hockey NL prohibits the use of any form of Camera, Video Camera, Camera Phone, or other portable digital device in any recreational facility change rooms for the purposes of taking photographs or videos unless permission has been granted by the respective Division Chair or designate."
  - "These devices may be used for personal music or playing team music."
  - "It is the responsibility of league/team officials and Associations to monitor and control the use of such devices."
  - "Any complaints with respect to failure to comply with this policy shall be investigated under the Complaints and or Maltreatment procedures."
- CAMHA supports the decision by any coaching staff to implement a **"no cell phone use"** rule in the changing room for their respective team.

### **Payment of Competitive Fees**

- All registration fees are set by the CAMHA Executive annually.
- Competitive team players must pay a Competitive Team Fee to cover the cost of ice time for additional team practices. This year the cost will be \$250 for all players and will be included in our payment plan.
- If a player's Competitive Team Fee is deemed to be outstanding by the Executive after February 28th, the player will be removed from the team and will not be permitted to participate in the Competitive Program for the remainder of the hockey season.

### **Participation in Competitive Program**

- Competitive players are required to have an attendance rating of 60%. This will include **all Exhibition Games/Tournaments and all practices** up to and including January 31st, 2026. Failure to do so could result in the player being removed from the competitive team roster by February 7th, 2026. Exemptions may apply (illness, weather conditions, emergency issues), however, each request for exemption must be submitted in writing to the team manager no later than 24 hours after the missed event. Any player who is not in good standing will be addressed by the CAMHA Executive.
- Any player that is successfully placed on a competitive team is expected to participate without question. If for some reason a player is unable to participate in weekend exhibition games and/or tournaments they must notify their Team Manager before the end of the day Tuesday of the given week. **All players** who commit by this time will be held financially accountable to pay their portion of the Tournament Registration. Payments for weekend exhibition games and/or tournaments must be paid by noon on Thursday. Failure to pay by this deadline will result in the player being unable to participate that weekend.
- Repeated failure to give the coaching staff reasonable notice of an absence from team functions may result in disciplinary action as deemed appropriate by the Executive.

- Once competitive teams have been established there may be divisions where teams do not have a full roster and require additional players. This will be reviewed on a case-by-case basis by the Executive and if deemed necessary, a player may be invited to participate on a second competitive team.
- ALL competitive players are required to participate in 2026 Newfoundland and Labrador Provincial Tournaments. If a player fails to fulfill this requirement and does not attend a 2026 Provincial Tournament, He/She will not be selected for a competitive team in the 2026/2027 season.

We agree to the above rules and conditions for the 2025-2026 season.
